Demoxil Suspension : Each 5ml reconstituted suspension contains Amoxicillin 125mg as Amoxicillin Trihydrate BP.

Demoxil Suspension : Each 5ml reconstituted suspension contains Amoxicillin 250mg as Amoxicillin Trihydrate BP.

Pharmacology : Amoxicillin is a semisynthetic antibiotic with a broad spectrum of bactericidal activity against many Gram-positive and Gram-negative microorganisms. It acts through the inhibition of cell wall biosynthesis that leads to the death of the bacteria.

Indications : Upper and lower respiratory tract infections : sinusitis, tonsillitis, pharyngitis, laryngitis, acute and chronic bronchitis, bronchiectasis, pneumonia.

Urinary tract infections : nephritis, pyelonephritis, pyelitis, cystitis, gonorrhoea and non-gonococcal urethritis. **Skin and soft tissue infections** : cellulitis, wounds, carbuncles and furunculosis.

Gastro-intestinal infections : enteric fever, ear, nose and throat infections, meningitis.

Dosage & Administration : Oral : Standard adult dosage : 250mg three times daily, increasing to 500mg three times daily for more severe infections. **Children (2 to 10 years)** : 125mg three times daily, increasing to 250mg three times daily for more severe infection. **Infants (Up to 2 years)** : 62.5 - 125mg three times daily or as directed by the

Demoxil
Tablet

physician. In case of severity the dosage may safely be increased. Food does not interfere with absorption of Demoxil. Or, as directed by the registered physician.

Contraindication : The use of Demoxil is contra-indicated in patients with a history of allergic reaction to penicillin.

Precautions : It should be used with caution in patients with impaired renal function and infections of mononucleosis.

Side effects : No untoward side-effects have been reported except in some cases which are rare, mild and transitory. Most common side effects are different types of skin rashes & diarrhoea.

Use in pregnancy and lactation : Amoxycillin has been assigned to pregnancy category B by the FDA.

Use in Child : See dosage and administration.

Storage : Store below 30°C in a dry place.
